Dear Mr. Kilarski,

PSC SC
MAIL / DMS

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2014-372-T and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Coordinator

Subject: Keep Uber

To whom it may concern,

Uber is a great service. It offers a cheaper alternative to taxi cabs. Competition is great for business.

Devin Kilarski

Subject: Uber

To whom it may concern,

Please do not encourage unsafe or drunk driving by banning Uber. I am a native South Carolinian and Charlestonian and fully support Uber. I support local business at any opportunity but do support Uber.

Best regards,

Anna West

Subject: Make UBER register as taxi's

Dear PSC folks,

As the "rideshare" service UBER has organized this letter writing campaign, I'm sure that you will receive a blizzard of emails in support. I'm writing in hopes that you will decline to offer such support.

The state of SC, like most states, oversees a great number of service industries. Hotels, busses and taxis, restaurants are all good examples. Recently folks have tried to make the case that by including use of technology their particular business should be exempted from governmental oversight. Let me offer some reasons why I disagree.

Consider, if you will, the hypothetical situation of SomeoneE who purchased a large van and then proceeds to drive the route of a city bus, cleverly arriving 5 minutes before the scheduled stops. They could be guaranteed a full van of willing passengers, the overflow would simply fall to the regular bus. That simple business plan is completely in keeping with UBER rideshare model, but I trust it would not be allowed as it would be too disruptive of the valuable public service provided by the bus company.

The companies who are playing by the rules and have worked together with government oversight to establish a similarly valuable public taxicab service deserve similar protection.

It is abundantly clear that use of technology is of a wonderful benefit for those wishing to arrange automobile transport. UBER should be invited to register as a taxicab service and be subject to the same oversight and regulations as their competition.

Adams, Hope
